How to activate your Aktiv student account through the campus Canvas website

Step 1

On a Computer or Laptop:

Use “**Chrome**” or “**Firefox**” to visit your Chemistry course page on the campus Canvas website

The screenshot shows the Canvas login interface. On the left is a blue vertical bar with the Canvas logo (a circular icon of dots) and the word "CANVAS" in white. On the right is a white login form. At the top of the form is a user icon placeholder. Below it is the text "Login to Continue". There are two input fields: "Enter your email..." and "Enter your password...". Below these is a blue "Continue" button. Underneath the button is the text "Or login with" followed by a Google login button featuring the Google logo and the word "Google". At the bottom of the form is the text "Don't have an account yet? [Join Now ->](#)".

Step 2

Under Modules, click on the
“**Aktiv Chemistry**” link to open
Aktiv in a new tab

Step 3

When prompted, enter your school email.

If you already have an account, you will be asked to enter your password on the next screen.

Enter Your School Email

We will check to see if you have an account associated with this email. If no account exists, we will help you create one.

School Email

Step 4

If you are **new user** and don't yet have an Aktiv account, click "Create One" from the link at the bottom of the screen

Returning users:

Enter your password to continue to your course list, then skip to **Step 7**

← [Back](#)

Access your Aktiv Account

Log in to continue your Aktiv Chemistry experience, or [create an account](#) to get started.

Step 5

Create a Student
Account by filling out
the Sign Up form

[← Back To Login](#)

There's no account associated with that email
Don't worry! We will help you setup a new account. It is better to use your school email if you have one.
